### ABOUT

Partly self-taught, mostly college educated **UI/UX designer** and **aspiring frontend developer**. I believe in intuitive, elegant design that makes experiences effortless and more enjoyable. When I'm not designing, you can find me snowboarding, on my yoga mat or with my nose in a good book.

### SKILLS

Photoshop, Fireworks, InDesign, Illustrator  
Wireframing  
Information Architecture  
HTML/CSS  
jQuery  
Microsoft Office  
Cross Platform Proficiency

### EDUCATION

**Northeastern University**  
BFA in Interactive Media and Graphic Design  
Class of 2015

**Boston, MA**

### EXPERIENCE

**Above the Fold – UX Design Intern**  
January 2013 to Present

**Boston, MA**

Assisted in all aspects of the design process in a wide range of projects including sketching, wireframing, visual design and front-end development. Attended and contributed to client meetings and communicated with clients and team on a day to day basis. Clients ranged from large consulting firms to startups and software development companies.

**Scout – Founding Member & Director of Outreach**  
September 2013 to Present

**Boston, MA**

Founding member of Northeastern's in-house creative services studio. Responsible for overseeing the design process of projects and communicating with clients. Projects range from branding campaigns to web design. Organize regular meetings, workshops, and events.

**Anthropologie – Sales Associate**  
September 2011 to December 2012

**Boston, MA**

Originally hired for temporary visual display work then hired as permanent sales associate. Executed artistic tasks with some creative freedom. Provided customer service, operated cash register, maintained store appearance, and occasionally assisted with visual displays.
